

Anti-Kidnap & Hostage-Taking Awareness Training

CPD Accredited Online Training

About

The newly upgraded CPD Accredited, fully online Anti-Kidnap & Hostage-Taking Awareness Training Course is aimed at those persons who either work or live in environments where the threat of abduction is high or are potential targets of such acts.

This course has been written by subject matter experts hailing from UK Elite Military Units, highly-experienced at operating in high-risk environments for Private Security & Private Military Companies (PSC & PMC), this course offers the learner an in-depth insight into risk mitigation of security-related incidents such as risk of kidnap or injury.

The global threat of kidnap and extortion is an ever-increasing cause of concern for governments, law enforcement agencies and communities around the world.

Many international businesses adhere to the 'duty of care' principle by providing their employees who travel regularly on business with anti-kidnap awareness training such as our CPD Approved, Fully Online Anti-Kidnap & Hostage-Taking Awareness Training Course.

This training assists in the risk mitigation of a kidnap or hostage-taking event by providing the learner with an in-depth insight into the awareness and understanding that is required to maintain a 'safe and secure environment'.

Course Objectives

- Assist you in your pre-departure planning and preparation and associated due diligence to understand, mitigate and deter possible acts of kidnap and / or hostage-taking.
- Help you to understand the Threat Assessment Process and to better assess these threats and likelihood of risk to yourself and those around you.
- Acquire essential 'tools' and skills in assisting you in the recognition and handling of stress-related conditions.
- Maintain a sense of personal security as well as to understand the necessary risk mitigation strategies whilst in-country.
