

Cyber Security Strategy for Vessels

Online Course Accredited by the CPD Accreditation Group

About

Worldwide incidents of Cyber Attacks on shipping are rising dramatically every year, and vessel vulnerability to these attacks is also on the increase. The 'Cyber Security Awareness for Vessels' course examines the Cyber Security threats that exist, both generally and specifically within the maritime environment. The course examines the weaknesses that there may be in ship IT and OT systems, and how they may be exploited - and then goes on to look at the measures that can be taken to mitigate and defend against these types of threats.

Awarding Body

This course is fully approved by the CPD Accreditation Board. Upon successful completion, learners will receive a PDF certificate via the eLearning system.

Target Audience

This online course has been created to advise senior shipping personnel, responsible for the on-board security of a variety of ships' systems; and will be of benefit to all those with authority for vessel security and business continuity.

Duration

This course has an expected duration of 4 to 5 hours depending on the learner's abilities and reading speed. However, you can enter and exit this course as often as you require.

Target Audience

This online course has been created to advise senior shipping personnel, responsible for the on-board security of a variety of ship's systems.

The course can be used as an intrinsic part of an organisation's overall risk management, and is intended to be used by those with accountability for protecting the ships from the risk of a security-related incident.

Why Take This Course

There are many key benefits studying an online course with VIRSEC, here are just a few of them:

- ✓ CPD Accredited Training
- ✓ Compliant with STCW Requirements
- ✓ Rapid Turnaround on Certificate
- ✓ Fully Online Course & Assessment
- ✓ Cost-Efficient Means of Learning

Pre-Requisites

No prerequisites are required to get entry on to this course, which can be delivered on board ship or ashore.
