

# Port Security Awareness for Non-Security Personnel

DfT Compliant, Online Course Accredited by the CPD Accreditation Group

## About

This online course aims to provide ports and port facilities with a consistent, cost-efficient and effective means of providing necessary instruction in security awareness to their staff, contractors and port personnel. Under the duty of care, it is the responsibility of port owners and operators to ensure that proficient security-related training has been provided, and that all personnel can effectively assist in the mitigation of the risk of a security-related incident.

## Awarding Body

This course is fully approved by the CPD Accreditation Board. Upon successful completion, learners will receive a PDF certificate via the eLearning system.

## Target Audience

This online course is aimed at anyone, whether staff, contractors or port personnel working in or frequenting a port facility often to provide them with an understanding of the basic security knowledge that they should possess and implement on a day-to-day basis.

## Course Duration

The course duration is approximately 1.5 to 2 hours depending on the learner's abilities and reading speed. However, you can enter and exit this course as often as you require.

## Regulations

*This course has been developed with the following considerations:*

Regulation (EC) No 725/2004 of the European Parliament and the Council of 31 March 2004 on enhancing ship and port facility security

Directive 2005/65/EC of the European Parliament and the Council of 26 October 2005 on Enhancing Port Security

The International Ship & Port Facility Code
